

HMMM,
SHOULD YOU GET
4,000 LBS.
OR **6,000 LBS.?**

(IT'S LIKE UPSIZING AT
THE DRIVE-THRU.)

Either way, you're getting bulk containers that can be used for virtually any application in material handling, storing and shipping. Manufactured to ISO 9001/QS-9000 quality standards, our industry-pioneering General Purpose and Heavy-Duty Bulk Containers are made of solid steel that's corrugated for added strength.

General Purpose & Heavy-Duty Rigid Bulk Containers

General Purpose Rigid Bulk Container

Sharing the most common footprints in the industry, the General Purpose Corrugated Steel Containers mix, match and stack with standard plastic (HDPE) and wire mesh containers. Fully loaded with 4,000 lbs. of product, they can be stacked four high. If you're mixing containers, we recommend putting the plastic one on top.

General Purpose Rigid Corrugated Steel Containers Capacity: 4,000 lbs.

Model Number	Dimensions (Outside)
BC-RD-324033	32" (812.8mm) x 40" (1016) x 33" (838.2) OAH
BC-RD-404833	40" (1016mm) x 48" (1219.2) x 33" (838.2) OAH
BC-RD-454833	45" (1143mm) x 48" (1219.2) x 33" (838.2) OAH

Heavy-Duty Rigid Bulk Container

If you need even more weight capacity, there's our 6,000-lbs. Heavy-Duty Corrugated Steel Container. It's for the biggest jobs you have. You can literally just pile on the loads by stacking three other Heavy-Duty Rigid Bulk Containers on top of it, each fully loaded. That's packing a lot of product into a space that's as small as 32" x 40", which gives you a lot of return on your material handling and storage investment.

With its optional Kanban plates, the rugged Heavy-Duty Rigid Bulk Container can easily be integrated into the most modern material handling operations, bringing new scales of efficiency. It is literally the biggest thing ever to hit the industry.

Of course, with American Bulk Containers, you always have the option of specifying your own rigid bulk container and let us make it for you.

Heavy-Duty Rigid Corrugated Steel Containers Capacity: 6,000 lbs.

Model Number	Dimensions (Outside)
BC-RD-324034-HD	32" (812.8mm) x 40" (1016.0) x 34.5" (876.3) OAH
BC-RD-404834-HD	40" (1016mm) x 48" (1219.2) x 34.5" (876.3) OAH
BC-RD-425338-HD	42" (1066.8mm) x 53" (1346.2) x 38" (965.2) OAH
BC-RD-454834-HD	45" (1143mm) x 48" (1219.2) x 34.5" (876.3) OAH
BC-RD-477234-HD	47.63" (1209.7mm) x 72" (1828.8) x 34" (863.6) OAH

Our Corrugated Steel Containers have a lot in common. It must be genetic:

- Solid steel
- ISO 9001/QS-9000 quality
- Corrugated panels for added strength
- Stack up to four high
- Fire and impact resistant
- Maintenance free
- Angle corner posts and nesting caps
- Half-drop access door
- Powder coat finish

Our General Purpose is unique in more ways than one:

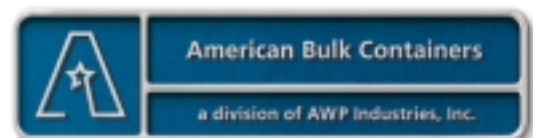

- 4,000 lbs. capacity
- Capable of being dumped 180°
- Four-way fork entry
- Mix, match and stack with plastic (HDPE) and wire mesh containers

Two reasons our Heavy-Duty Rigid Bulk Container will make a big difference in your operation:

- Holds up to 6,000 lbs.
- Skid rails on short side

A unique part of the American experience

American people are very creative—even with material as inflexible as steel. We developed the industry-pioneering bulk container, bringing a new level of product protection and security to the field. Everyone here is always looking for creative solutions to our customers' problems. It's just another of the many things that make the American experience unique. To put our experience to work for you, call 1-800-666-9938.
